

Complex Financial Report Fixture

Document ID: FIN-2026-CASE-01

Reporting Period: 2024-01-01 to 2024-12-31

Purpose: test dense numeric extraction, total-row validation, and provenance logging.

1. Executive Summary

The report contains quarterly financial data, negative adjustments, cross-page notes, and a final total row.

The agent should preserve table structure, numeric facts, dates, and warning signals.

2. Operating Result Table

Line Item	2024 Q1	2024 Q2	2024 Q3	2024 Q4	FY 2024

Total operating result	6,580	6,860	7,765	8,670	29,875

Review note: totals must be checked against comparable numeric rows.

3. Audit Notes

Risk: channel rebate values require manual confirmation against the source ledger.

Recommendation: re-run OCR if any comma-separated amount is fragmented by layout analysis.
