

Data Processing Service Agreement

Contract No: STD-2026-MINERU-07

Effective Date: 2026-05-20

Parties: Corpus Producer A and Processing Vendor B

1. Scope

The vendor provides a traceable document parsing agent for PDF, scanned files, web pages, and structured exports.

2. Compliance Clauses

Clause	Requirement	Evidence Field
2.1	Supplier must keep trace logs for every parsing run.	trace_path
2.2	Output JSON must include structured sections and tables.	result.json
3.1	Failures must be recoverable without stopping the batch.	batch_report.json
4.1	Keys and tokens must not be written to public artifacts.	secret_scan

3. Service Level

Batch tasks must continue after a single item failure and must record the error message

4. Exception Handling

Risk: missing page provenance must be reported as a quality issue instead of being hidden.

Recommendation: the reviewer should inspect trace.json and retrieval_quality.json

5. Signature
